Aim
To provide a process for parents, students and members of the School community to follow in the event that they have a complaint or grievance with the School.

Policy details
If the source of complaint or grievance is a parent:
Parents are encouraged to make their own decision about the appropriate member of staff in the School to whom their complaint or grievance should be made, however, some guidance is as follows:

• If a complaint or grievance to a classroom teacher is of a minor nature and easily resolved then the parent and teacher should act together to resolve the issue between them
• If the complaint or grievance is of a more substantial nature then the classroom teacher should refer the complainant to a more senior member of staff in the appropriate area (e.g. Head of Department, Year Level Coordinator, Head of Student Wellbeing, School Chaplain, relevant Head of School)
• If the complaint or grievance is of a substantial nature and it cannot be resolved at any of these previous levels then it should be referred to the Principal
• The Principal or senior member of staff may choose to interview students without parents or staff members under investigation being present, but with another impartial staff member present at all times
• The School’s representative will record the details of the complaint or grievance, the steps taken and time frame involved to resolve the matter
• Failing resolution by the Principal, the parent may request that the matter be referred to the Board Chair who is the final authority on matters concerning the School.
POLICIES AND PROCEDURES

If the source of complaint or grievance is a student:
Students are encouraged to make their own decision about the appropriate member of staff in the School to whom their complaint or grievance should be made, however, some guidance is as follows:

- The teacher and the student should act to resolve a minor complaint or grievance to the satisfaction of both parties. If the student feels that they cannot raise the matter directly with the staff member concerned, if a satisfactory resolution is not achieved, or if the matter is of a substantial nature, the student may approach their Class Tutor, Year Level Coordinator, Head of Student Wellbeing, School Chaplain or relevant Head of School
- Failing a resolution at the senior staff level, the matter should be referred to the Principal
- The School’s representative will record the details of the complaint or grievance, the steps taken and timeframe involved to resolve the matter.

If the source of complaint or grievance is a member of the general School Community:

- Members of the general School Community are encouraged to make their own decision about the appropriate member of staff in the School to whom their complaint or grievance should be made, however, some guidance is as follows:
  - If a complaint or grievance is of a minor nature, it should be directed to the Corporate Services Manager
  - If the complaint or grievance is of a more substantial nature then it should be directed to the Principal. Failing resolution, the parent may request that the matter be referred to the Board Chair who is the final authority on matters concerning the School
  - The School’s representative will record the details of the complaint or grievance, the steps taken and timeframe involved to resolve the matter.

If in any of the cases outlines above, a successful resolution is not achieved, or where the parent, student or member of the community remains dissatisfied and would like access to a mediator, external counsellor or other independent regulatory body, the School will provide assistance with contact details for referral.

Meeting Procedures for dealing with a Complaint or Grievance
The following steps will be followed by the School’s representative:

Acknowledgement of the Complaint or Grievance
- A verbal complaint or grievance will be acknowledged and recorded by the School’s representative at the time of communication of the complaint or grievance
- A written complaint or grievance will be acknowledged in writing by the School’s representative within two working days.

Receiving the Complaint or Grievance:
- The role of each person at the meeting or investigation will be established
- The complainant will be listened to and supported and their concerns will be acted upon at the earliest opportunity
- Agree on a timeline for investigating and resolving the complaint or grievance
- The complainant may choose to withdraw the complaint or grievance at any time.

Investigating or Assessing the Complaint or Grievance:
- The process to be followed will be outlined, taking into account Considerations in Dealing with an Investigation (detailed below)
POLICIES AND PROCEDURES

- The parties will be informed that any information obtained in the meeting or investigation will be confidential
- A chronology of events (who, what, why, when, how, etc) will be established with the complainant
- Any applicable School policies or procedures will be identified for the complainant
- Explain that the respondent will be given the right of response
- An independent investigator may be appointed if required.

Resolving the Complaint or Grievance:
- The complainant will be asked for the outcome they are hoping for (best case scenario) and the next steps will be discussed, providing a reasonable and agreed time frame of when to report back or meet again
- It will be explained that the complainant cannot be adversely affected because they have made a complaint or grievance and they will be notified about who to report matters to internally if they feel that they are being adversely affected
- Time will be provided for the complainant to ask questions
- Detailed notes will be taken of the conversation (including dates, people involved), including any supporting documentation.

Providing an Outcome:
- The complainant will be provided with a written summary of the meeting and clarification of the next steps to be taken, within a set time frame.
- Should the matter remain unresolved then either the complainant or the School may refer the matter to a higher authority, as outlined in this policy.

The meeting should be conducive to maintaining positive relationships and the School’s representative should ensure that there is a fair, objective analysis of the situation.

If the matter is not resolved:
If the complainant wishes to pursue an unresolved matter, the issue should be referred to the Principal. The Principal reserves discretion as to making a final decision as to how the complaint or grievance will be resolved. In the event that the complaint or grievance involves the Principal, the Board Chair will be given absolute discretion as to how the matter will be resolved. The complainant also has the right to seek further resolution through relevant independent authorities, such as Independent Schools Victoria (ISV) or the Victorian Registration and Qualifications Authority (VRQA).
POLICIES AND PROCEDURES

Considerations in Dealing with an Investigation
Procedural fairness and transparency should be maintained at all times to:
• Protect the rights, interests and expectations of the participants in the investigation
• Enhance the credibility of the investigation process
• Rely on the investigation when making decisions
• Defend decisions in a court or tribunal.

The investigator should ensure that:
• The respondent is aware of all the allegations made against them in sufficient detail
• The respondent is allowed a reasonable opportunity and adequate time to respond to each of the allegations
• An investigation is carried out in a reasonable timeframe
• The investigator is independent and has no personal interest or bias in the matter being investigated
• Participants are given the opportunity to have a support person in the interviews pertaining to the investigation
• Participants are required to maintain confidentiality and sign a confidentiality agreement
• Participants are given the opportunity to respond to any contradictory evidence
• The investigator makes reasonable and diligent enquiries to ensure that there is sufficient evidence before making findings
• The investigator is impartial and does not have a vested interest in the outcome of the investigation.

Impartiality
The investigator must be impartial and not have a vested interest in the outcome of the investigation. Any potential conflicts of interest should be disclosed.
